Dear Jenks,

Thanks for keeping me posted. I am delighted that your assignment to Commerce has worked out fully. I know you'll do a great job there and look forward to our working with you. I have been very interested in increasing the interchange between the Intelligence Community and Commerce. In addition, I have hoped that our connections with American industry could be made stronger by working through Commerce. I think that we in intelligence have a great deal that we can contribute in support of American industry, and that the proper way to provide that support is through the Department of Commerce.

Will look forward to working with you in these and other directions. In the meantime, thanks and all the best.

Yours,

STANSFIELD TURNER
